

KiKa payments for schools and PTAs

- KiKa is an innovative payments platform that makes it easy to donate to both schools and PTAs
- KiKa provides QR codes that can be placed on any marketing material, such as newsletters, emails and websites
- Once a QR code is scanned, the donor can set up a payment directly from their bank account to the school or PTA

The benefits of KiKa payments

- 01 Increased donations**
KiKa is omnichannel and provides additional ways for parents to donate such as cashless donations at events
- 02 Take donations anywhere**
KiKa QR codes can be placed anywhere including websites and posters. They work exceptionally well for school fairs
- 03 Increased Gift Aid**
Gift Aid consent is part of the payment journey, so more donations attract Gift Aid, and we collect the information for you
- 04 Get started quickly**
KiKa requires no integration and donors do not need to register or download an app
- 05 Safe and secure**
Cashless donations mean the risks of fraud and theft are reduced. KiKa also uses the latest bank grade payment authorisation technology
- 06 Lower payment costs**
KiKa saves charities 80% on transaction fees compared to donations made via credit or debit card. Funds are also transferred immediately

Gift Aid

A donor can enter Gift Aid information and consent during the payment flow. The charity will receive a monthly transactions report, showing each donation and the Gift Aid information

Founded by payment experts, Kikapay Limited is a guarantor of Pay.UK and is authorised and regulated by the Financial Conduct Authority (registration number 815986)

How it works

01

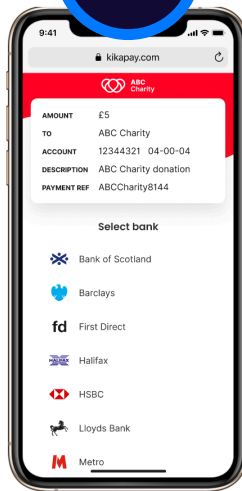

Donor scans the QR code

02

They select their donation amount

03

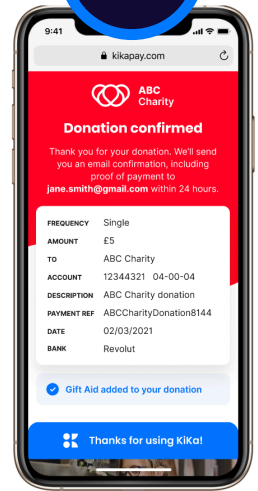

They then choose their bank account

04

They are securely transferred to their bank app

05

They confirm the payment and the money is transferred instantly
